| 4. FWS request forms are available for all ASCC departments that would like to request FWS students for the Fall 2009 semester. |
| 5. The financial aid office will ONLY process financial aid for students that have the following: |
| a. Complete Financial Aid application |
| b. High School transcript (required only for students that have graduated after 1/1/05) |
| c. Copies of the following documents: |
| i. High School diploma |

WHY STUDENTS SHOULD BRING THEIR TRANSCRIPTS:

The reason for this is the Academic Competitiveness Grant, or ACG. Last year this grant was only offered to students who are U.S. citizens. **This year it is open to U.S. nationals.** Eligibility for ACG is dependent on student's coursework while in high school and only if you graduated in 2005 or later. It is not open to students who graduated from high school before 2005. In order for the financial aid office to determine if you are eligible, we must review your high school transcript. Successful completion of a rigorous high school program as identified by the U.S. Secretary of Education includes the following:

- 4 years of English
- 3 years of mathematics (Algebra I and above)
- 3 years of science, including 2 of the following: biology, chemistry and physics
- 3 years of social studies

- 1 year of language other than English. Your transcript must specify the name of the language course you completed. If you took Samoan Culture instead of Samoan Language, you are not qualified.

If you know you did not successfully complete a rigorous high school program of study, you may simply let your financial aid counselor know that fact and you will not have to provide your transcript.

Scholarships for Minorities

There are more minority scholarships than most people realize. In academia, the term "minority" applies to a racial, gender, cultural or social minority group within a particular field of study or population of students. Here are just a few of the groups that qualify for minority scholarships. [The Gates Millennium Scholars Program](#), a \$1 billion grant from the Bill and Melinda Gates Foundation, is exclusively targeted to racial minorities in education, engineering, library science, mathematics, public health and the sciences, where these groups are severely underrepresented.

- Gender minority in a field of study (female engineers, male nurses)
- African Americans
- **Asian & Pacific Islanders**
- Latino & Hispanic Americans
- Native Americans
- Gay Lesbian Bisexual, & Transgender (GLBT)

FASTER, FRIENDLIER FAFSA COMING IN 2010

Secretary of Education Arne Duncan has announced the U.S. Department of Education is taking steps to make the Free Application for Federal Student Aid (FAFSA) shorter, simpler, and more students friendly. The changes-some of which are already in place while others will be phased in over the next few months-are designed to increase postsecondary enrollment, particularly among low- and middle-income students. Students and counselors can track the rollout of the new form at the FAFSA website.
